

PRESS RELEASE

Guam Office of Public Accountability Purplicious Challenge

The Guam Office of Public Accountability participated in the Government of Guam Relay for Life Purplicious Challenge on March 18 to spread cancer awareness. OPA welcomed the First Lady and her staff to judge the different purple items incorporated in the office, from wall décors to clothing and food. In conjunction with the Purplicious Challenge and in celebration of Mes Chamoru, OPA office doors were decorated with the representation of Chamorro legends while incorporating as much purple as possible into the story.

OPA joins the fight against cancer and is prepared to march alongside those who are affected by it. On May 20, 2016, please come and support Relay for Life and join Team GovGuam and the community's stance against cancer.

The top three winners of OPA's door decorating contest themed, "Legends of Guam in Purple," is as follows (from left): The Dukduk & the Needlefish (1st); The Legend of the Fragrant Lady (2nd); The Boy Who Leaped to Rota (3rd).
